We have great news to report – the Mary Morton Parson’s Foundation has just awarded an \$86,000 one-to-one challenge grant for the Hanover Tavern Grounds & Amenities Enhancement Project! By raising \$86,000 ourselves, the matching grant will provide the \$300,000 necessary for the completion and payment of the patio project.

To meet our mission to preserve, interpret, and utilize Hanover Tavern as an historical, educational, community and cultural resource center for the enjoyment of all, Hanover Tavern Foundation depends on event admission, private rentals, catering, dining, and theater. The enhancement project for the patio and rear lawn create a more beautiful and inviting year-round outdoor space. The goals are to make improvements that are aesthetically pleasing, historically sensitive, and to improve income potential through increased rentals and patronage of our restaurant.

By contributing to this campaign, you assist Hanover Tavern Foundation to meet the demands of the future. In addition, you have the satisfaction of knowing that, for every dollar given, it is doubled. Please make a tax-deductible contribution to this improvement project.

We thank you for your consideration and hope you find this project worthy of your support. If you have any questions or would like to schedule a visit to the Tavern, please do not hesitate to contact us at [info@hanovertavern.org](mailto:info@hanovertavern.org) or 804-537-5050.

Hanover Tavern Foundation was formed in 1990 to save and preserve historic Hanover Tavern. Soon afterwards, with the support of local citizens, corporations, and philanthropic organizations, an ambitious \$5 million stabilization, restoration, and enhancement project was launched. In 2005, the restored Tavern was returned to the central Virginia community as a cultural site offering educational programs, exhibits, tours, musical and theatrical performances, dining, and family-oriented events.

In June 2015, the Foundation opened the E.J. Wade Coach House. This barn-like building has been an outstanding addition, providing space for programs, community & dining events, and a fabulous source of rental revenue.

To further improve the brick patio and lawn area framed by the historic Tavern and Coach House, the Foundation launched a new project to create a more functional and engaging outdoor space. For long-term sustainability, the Tavern must host as many people as possible for dining, private events, and programming. Increased visitation, greater use of the Coach House, and improved patio use will result in higher monthly revenue for the Foundation. Additionally, the improved spaces will serve as a stimulus for facility rentals revenue. The patio may be rented on its own or in conjunction with other spaces. The improvements to the site should increase weddings, receptions, corporate use, and private events.
